

12th International Conference on Multimedia in Physics Teaching and Learning

13-15 September 2007
Wroclaw, Poland

Last minute information (10.09. 2007) – changes in routes of trams

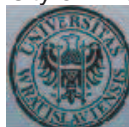

Dear colleagues and friends,

In Wroclaw everything is changing so quickly that we are not able to follow the changes - especially the changes in municipal transport from day to day. Due to road surface renovations tram no 15, we have mentioned in the Third Circular, has been canceled temporarily and the trams 70 and 22 have changed their routes. Look at our new suggestions how to reach the conference place and hotels.

The **Copernicus International Airport Wrocław** is located 10 kilometres away from the city centre. The center of town could be reached by taxi (fare - about 60 pln (15 euro)) or by bus. Bus line 406 from Airport (LOTNISKO) to Central Railway Station runs:

- week day (dni robocze) every 20-30 minutes,

Normal one way ticket (bilet normalny) costs 2 pln (~0.5 Euro) and could be purchased in the airport hall. The table shows detailed information about bus departure from airport to Central Railway Station (Wrocław Główny) – stop DWORCOWA.
